

E. W. PIERCE DIES AT MINERAL WELLS

General Manager of Oklahoma Producing and Refining Company Succumbs to Pneumonia.

BODY WILL ARRIVE TODAY

Services Will Be Arranged Later; He Survived by Wife, Daughter and Son, All of Tulsa.

News of the death of E. W. Pierce, general superintendent of the Oklahoma Producing and Refining company, was received from Mineral Wells, Texas, Friday morning. He died at 3:10 following a short illness of pneumonia. Arrangements are being made to bring the body to Tulsa and is expected to arrive here Sunday morning. Arrangements for the funeral services have not been completed and will be announced later. It is not decided whether the funeral will be in Tulsa or in Mr. Pierce's former home in the east.

For nearly seven years Mr. Pierce has been connected with the Oklahoma Producing and Refining company, coming here from the Central Fuel Oil company at Bartlesville.

Officials of the company were deeply affected when word of the death was received here this morning. In addition to the personal loss of this most popular member of the organization, the work and efficiency of the business will feel the absence of one of the officers of the company. Mr. Pierce is survived by his widow, who lives at 1226 Hillmore avenue, a daughter, Helen, and Albert E. Pierce, a son, all of Tulsa. Mrs. Pierce is at Mineral Wells, having been called there by the news of her husband's serious illness several days ago. He left Tulsa about two weeks ago to look over some of the company's Texas property and about 16 days ago was stricken with pneumonia and taken to Mineral Wells for attention.

REPRIMAND FOR HARDING IS LOOKED FOR IN IOWA

DES MOINES, March 29.—Reprimands both for Gov. W. L. Harding and Attorney General H. M. Havener, principals in the Rathbun pardon bribery case, will be the outcome of the legislative probe in progress, according to authoritative reports today.

The investigations, it is declared, has failed to show any bribery so far as the governor is concerned but it is predicted he will be censured for neglecting to make an adequate investigation before granting the pardon. Havener, it is declared, will be reprimanded for agreeing to quash indictments against the father and brother of Ernest Rathbun and George Clark, their lawyer, who were accused of perjury and conspiracy.

The hearing of the legislative investigation will be resumed Tuesday.

BAYS PEACE TREATY WILL BE "CLEAN AND MODERATE"

LONDON, March 29.—The peace treaty which Germany will be called upon to sign will be "clean and moderate," writes the Paris correspondent of the well informed Westminster Gazette. The correspondent states on the authority of a highly placed personage that the conference does not mean to violate territorial rights and that any fears on this point felt by the people of Europe are unfounded.

CHARGE MISSIONARIES IN BULGARIA PRO-HUN

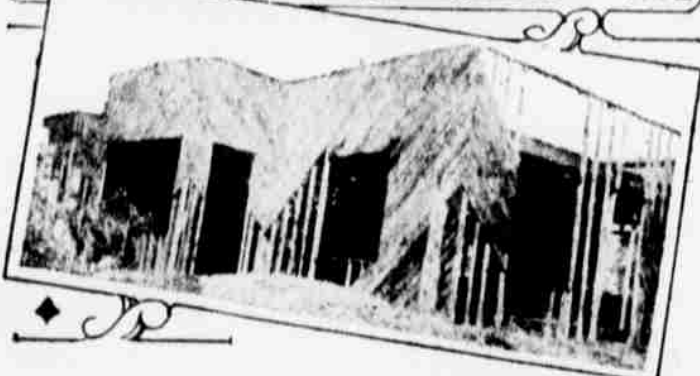

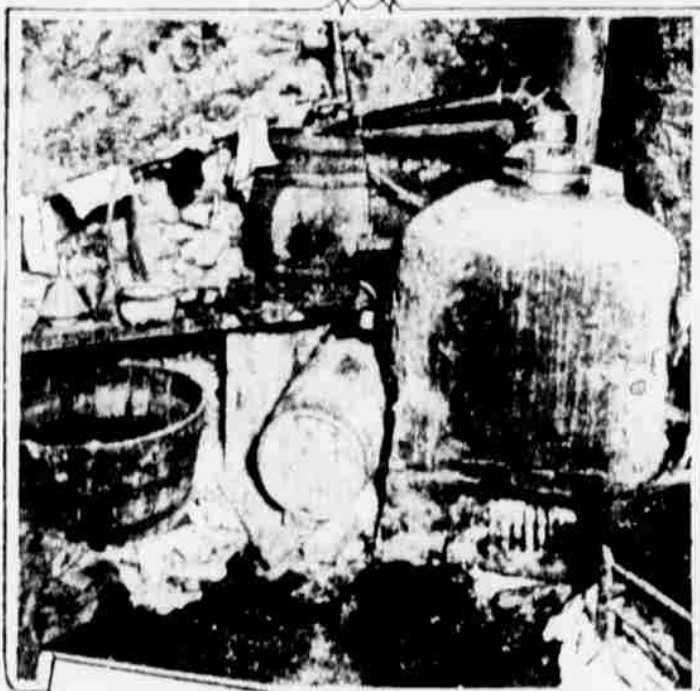

WASHINGTON, March 29.—Charges that American missionaries in Bulgaria were throughout the war and still are pro-German in sentiment have been the subject of an inquiry by the state department. The results of the investigation have not been made public and it was said today that the department probably would not pursue the inquiry.

The fact that the United States and Bulgaria were not at war was said in official circles to have been the basis of the attitude of the missionaries, who were very friendly to the old Bulgarian government, despite the fact that the country was at war with nations with which the United States was associated in fighting Germany.

ASKS CHANGES IN ARMY COURT-MARTIAL SYSTEM

WASHINGTON, March 29.—Lieut. Col. C. V. Porter of the infantry advocates general's office submitted a statement today to the special committee of the American War Association embodying changes in the

Seventeen Stills Are Unearthed

Copper still found in incomplete house in Jefferson county, Alabama, and exterior of house.

BIRMINGHAM, Ala., March 29.—The seventeenth illicit still to be captured by county officials and destroyed by the law is found in the basement of an incomplete house which belonged to B. H. Bowda, a carpenter.

Bowda was arrested on a charge of violating the Weakley act and condemnation proceedings have been instituted against him to seize the property, in accordance with the law.

In the 17 stills captured and destroyed over 3,000 gallons of whiskey have been seized and are now in the

military justice system which he said would bring about improvement in administration of justice. The committee is investigating army court-martials at the request of Secretary Baker.

Colonel Porter's main recommendation was the organization of a special and distinct corps of law-

yers who would serve as judge advocates, one portion to serve the prosecution and the other the defense in court-martials. He also recommended reduction in the number of members of a general court from 13 to three or five and the assignment of counsel to the accused at the earliest possible moment.

In the meantime, as the city grows dryer and dryer, "bootleg" prices continue to advance, and despite the high quotation "regulars" continue to seek cases in the heart of the desert. Whiskey is now selling when it can be found, at \$12 a quart.

EXPRESSMEN NEAR AN 8-HOUR WORKING DAY

Announcement Made at Meeting of Local Organization Causes Demonstration at Meeting.

In celebration of the organization of a local Brotherhood of American Expressmen which was organized during the latter part of February, the employees of the American Express company held a banquet in the express company's reception room at 8 o'clock Saturday night.

The first part of the entertainment was spent in dancing and a short musical program after which the dinner room was thrown open and a dinner prepared by the families of the employees was set for the guests present.

VINITA GIRL IS FATALLY HURT WHEN HIT BY TRUCK

Special to The World.
VINITA, Okla., March 29.—Alma Maxine Couch, 6-year-old daughter of Mr. and Mrs. J. W. Couch, who reside southwest of Vinita, was fatally injured here late this afternoon when struck by an auto truck driven by John A. Bosley, a drifter. The accident occurred at the intersection of Wilson and Canadian avenues. Children ran in front of the car before the driver could apply the brakes. Bosley returned at once to pick up the injured girl whose hip was broken and skull crushed. The child is conscious tonight, but physicians believe she cannot recover.

PARIS PAPER COMPLAINS OF SECRECY ABOUT PEACE

PARIS, March 29.—The Journal today complains about the secrecy of the peace conference concerning France's demand for the Saar basin, while great publicity is given the minor points. The Journal asserts that France is confident of achieving its aims.

"France's demands are difficult, but without them the whole program of peace is impossible," the Matin declares.

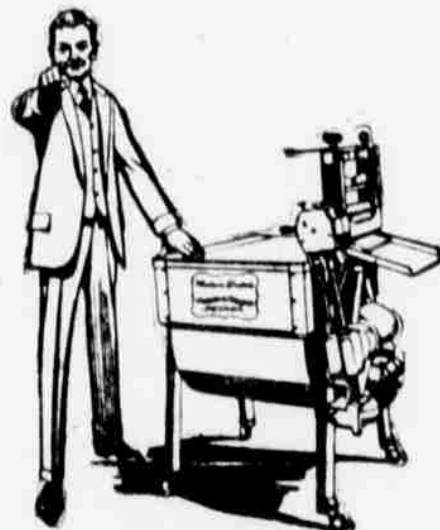

In its discussion of the peace conference today the Matin recalls Premier Lloyd-George's speech last August, in which he is quoted as saying:

"Between France and England it is not an agreement, but a debt."

Monday Is Just Like Any Other Day With a Western Electric Washer

No
Laundry
Troubles

The high cost of sending out the family washing is an unknown thought—the worry as to the outcome of fine, dirty pieces is dispelled—the wear and tear and drudgery of a washboard is forgotten and happiness returns to the household on Monday—as every day—where a Western Electric Washing Machine is put into service. And the money you save in a year's time more than pays for such a machine.

No
Servant
Problem

There's no chance of that old wash-day bugaboo—preparing for the laundry who never came. The housework can't prove too heavy for your maid—for it's only a matter of a few minutes to put any family washing through an electric machine. And if you've been doing your own work—or you've had to help out—sometimes—there's no unpleasant thought ahead of you—it's so easy and simple to wash this way.

Ask for Demonstration

The Western Electric Washer can be trusted with the finest and most delicate articles—it also eliminates the troublesome button question which has been the objection to a great many washers.

A SPECIAL FACTORY REPRESENTATIVE will be here all this week. He will be glad to confer with you.
